SUMMARY

UX Designer with 2+ years of experience designing enterprise SaaS and AI platform products in Figma. Skilled in user research, usability testing, wireframing, prototyping, and design systems, with a focus on data-heavy dashboards and accessible interfaces.

WORK EXPERIENCE

The Cloud Company

Tamil Nadu, India

UI/UX Designer (Jun 2024 – Present)

- Prototyping & Wireframing:** Built interactive Figma prototypes and high-fidelity mockups visualizing complex project workflows across 12+ screens, cutting client stakeholder review cycles from 3 rounds to 1.
- User Research:** Ran research and usability sessions with 8 internal stakeholders to validate a domain-based hierarchy and access-control model across 3+ team environments.
- Platform Design:** Designed a centralized project management platform and SaaS dashboards that unified 5+ projects in one workspace, reducing developer context switching by 30%.
- Data-Driven Design:** Designed an intelligent data-insight side panel that improved information discoverability by 45%, validated through usability A/B testing and quantitative analysis.
- Collaboration & Alignment:** Partnered with product managers, developers, and stakeholders to add a Prompt Playground and analytics dashboards, improving design consistency by 25%.

UI/UX Design Intern (Jul 2023 – May 2024)

- End-to-End UX Process:** Led the UX process from concept to delivery for an industrial fuel optimization tool in Figma, delivering 15+ screens with interactive KPI dashboards and charts.
- Usability Testing:** Ran 3 rounds of usability testing and user research, iteratively refining layouts to raise task completion from 68% to 91%.
- Design Systems:** Built a component-based design system of 40+ reusable UI elements (buttons, tables, input fields), speeding design-to-development iteration cycles by 30%.
- Accessibility & Handoff:** Designed interactive KPI cards and charts following WCAG accessibility guidelines and handed off annotated specifications to developers.

PROJECTS

Multi-Agent AI Collaboration System [AI Platform]

- Designed a modular platform where teams configure **10+ specialized AI agents** within domain-based hierarchies and access controls.

Fuel Optimization Tool [Industrial SaaS]

- Designed **KPI dashboards with interactive charts** for an engine manufacturer's industrial fuel optimization tool.

EDUCATION

B.E. in Computer Science

Kongu Engineering College
2021 – 2024 · Erode, Tamil Nadu

Diploma in Computer Engineering

PSG Polytechnic College
2019 – 2021 · Coimbatore, Tamil Nadu

SKILLS

- User Experience (UX) Design
- User Research
- Usability Testing
- Wireframing
- Prototyping
- Information Architecture
- Design Systems
- User Interface (UI) Design
- WCAG Accessibility
- A/B Testing
- Product Design
- Product Strategy
- SaaS / B2B / Enterprise
- HTML & CSS

TOOLS

CERTIFICATIONS

Google UX Design Certificate
Coursera · 2026

MENTORING & WORKSHOPS

UI/UX Design Workshops (2025 – 2026)

- Conducted a 6-day workshop on UX fundamentals, design thinking, Figma, wireframing, and interactive prototyping (Sep 2025).
- Mentored students through practical design exercises, critiques, and portfolio guidance (Mar 2026).
